

Criterion F: Feedback from client

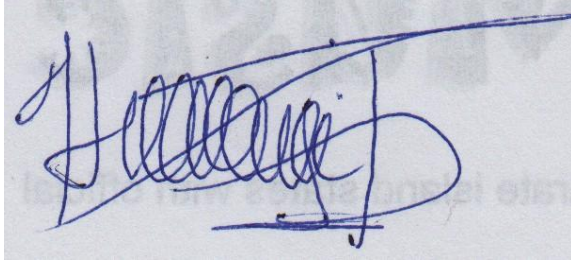

Questionnaire to gather feedback from Pastor Héctor Melgar

This is an English translation of an interview conducted in Spanish. My teacher can verify the authenticity of the translation.

Question		Yes/No	Comments
1.	Were you satisfied with the final product?	Yes	I like the design and the whole idea. At first I was confused, but I understand now and I like it.
2.	Do you feel the structure is coherent?	Yes	When you explained how all was connected and why I felt more satisfied with the structure. It is logical.
3.	What do you think were the best aspects of the database?	---	I really like the way you input the data, all controlled from a single page. It is nice and easy. I also like the use of passwords. Security of data was always a concern.
4.	What were the worst aspects of the database?	---	I still have trouble wrapping my head around some of the concepts you included in the database, like the "primary keys" or "ID" that is still a little confusing, but apart from that, all is well.
5.	What do you think the database lacked?	---	As I mentioned, a way of tracking what "ID" corresponds to what name without having to search the "ID."
6.	Were you pleased with my communication with you?	Yes	Although I think there was a little lack of communication on my behalf. I postponed many meetings and cancelled others.
7.	Have the specific criteria been met?		
	a. Providing a secure way to store the data?	Yes	Very pleased with password access. It is a very good idea. The menu is logical and well designed. The reports are very useful and well
	b. Reducing space?	-	
	c. Ease of access?	Yes	

	d. Easy input and reports?	Yes	designed.
8.	Are you pleased with my quality of work?	Yes	I will be bothering you later if I need any help using the database.
