

Criterion F: Feedback from client

Questionnaire to gather feedback from Andrew Murgatroyd

Questions for client	Yes/No	Comments
Are you pleased with the final project?	Yes	Yes I am, I think its good, lots of images, that and statistics are what people want to see.
What do you like most about the website?	Yes	Two main things, people want to go see what the game is like, how's the field, the totals, who's involved.
Are there any areas that could be improved?	Yes	Nothing immediately, but maybe the shop. I don't have specific recommendations about it.
Are you satisfied with the level of consultation throughout the project?	Yes	Jayger contacted me quite regularly to make sure I knew what he was doing.
Do you think the style of the website is appropriate?	Yes	Yes I do
Are you satisfied with the amount of information about El Salvador Cricket on the website, or do you think there should be more?	Yes	No, I think it's about right. You don't want too little otherwise people think you haven't done anything. You don't want too much otherwise people just don't read it. So you want a nice summary.
Does the website work with different browsers?	Yes	Yes it does.
Are you happy with the design of the website? Is the design constant?	Yes	Yes it is constant, you go to all the links and you get the same consistency and the way things are presented
Do the pictures loose resolution when clicked on to enlarge?	Yes	No, apparently a special program has been used so no, they don't.
Does the website reflect El Salvador Crickets interests and aims as they truly are?	Yes	Yes, Jayger investigated and understands what our challenges are and what we're trying to do
Is there anything that you dislike about the website?	Yes	Nothing that I dislike, but linking back to an earlier question, the shop would be the only thing we are missing.
